

10 Things Not To Forget When You're Moving

There are so many aspects to the moving process, it's easy for small, but important, things to slip your mind. Use this checklist of 10 important things to remember to do when you're moving to ensure a smooth transition.

Pre-Move

- ☐ Register your change of address with USPS.
- ☐ Schedule a move-out cleaning service.
- ☐ Research your new local pharmacies and transfer any prescriptions over.
- ☐ Check if you or your movers need a parking permit for moving day.
- ☐ Update information with renters' insurance policy, if applicable.
- ☐ Schedule a charity pick-up for any unwanted items to donate.
- ☐ Set up utilities to be turned on at the new home and disconnected at the former home. This includes water/sewer, internet, cable, and trash.
- ☐ Make sure you leave or appropriately hand off your keys and garage door openers.

Post-Move

- ☐ Update your address for any auto-shipped items you receive in the mail, such as from Amazon, or any newspaper or magazine subscriptions.
- ☐ Update your driver's license and registration to the new address.
